RE: Child's Name  
DOB:

Dear Angela,

I received a referral from your office regarding Child's Name. I've contacted the family, Name of Child is breastfeeding, eating better and gaining weight. He/she had blood work repeated and everything was within the normal range. He/she does not require follow up with any specialists at this time.

If you have any questions regarding this child, please feel free to contact me at 330-489-3322.

Thank you for your attention in this matter.  
Respectfully,

Public Health Nurse
